Vicks
Incomparable
Heart of France

Rich ruby-red, it holds its place as the most popular Aster in the world. Florists and home gardeners, too, prize Heart of France. Yet this is only one of the many Asters that James Vick has introduced. Plant the originator's true seed strains for best results.

Florists and Market Gardeners

1935

The Original Vicks
45 South Avenue
Rochester, New York

JAMES VICKS SEEDS, Rochester, N.Y. "The Flower City"

Reliable Seeds

The first essential to a successful planting is good seed. You cannot afford to take chances with seed of questionable quality. Sow only the best seeds. Vicks seeds are trustworthy. They have earned an enviable reputation and maintained it over almost a century of planting by gardeners throughout this country and abroad. Sow the best seeds for best results.

Vicks Aster Book

This book is for the exclusive use of Florists and Market Gardeners, growers who plant larger quantities of seed and so are entitled to Special Wholesale Prices. Assure yourself of a good crop—and a quality product—by planting Reliable Seeds from James Vick.

Germination and Purity Tests

All Vick seeds are carefully tested to insure the seed being full of vitality, with a high percentage of vigorous germination. Our seeds are tested as soon as they come in from our growing stations. You can depend on them to grow. Vicks seeds are tested too for quality, besides being grown from carefully selected, healthy plants that are true to type.

Seeds Sent Postpaid

Except Where Otherwise Noted

All flower seeds, and vegetable seeds except where noted, are delivered direct to you, prepaid by parcel post or express. On all goods listed "not prepaid" (Beans, Corn, Peas, Mushroom Spawn, Onion Sets, Bulbs, and Roots) customers pay transportation charges.

Shipping Instructions

When goods are not to be sent by parcel post, please give complete shipping instructions together with the name of your express or freight office.

Credit and Terms

Our terms are cash with order unless you have an account with us, or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net; 2% discount for cash in ten days from date of invoice; 3% discount when cash accompanies the order**, for vegetable and flower seeds, and flower bulbs. No discount on grass, clover and field seeds, onion sets, vegetable roots, or supplies.

New customers, unless satisfactorily rated with commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied with cash.

If you want your order sent C. O. D., 25% of the amount should accompany the order. Due to their perishable nature, Bulbs and Roots cannot be sent C. O. D.

Wholesale List

Low Prices for Florists and Market Gardeners

James Vicks Aster Book for 1935

Poor seeds waste time, labor and fertilizer. It is on the seeds that your profits depend. Now the finest quality seeds can be had at the very lowest prices. James Vick has supplied seeds to pleased and satisfied gardeners since 1849. And now in 1935 when prices are going up, Vick-quality seed can be had at prices which are in most cases as low as those of last season and 1933.

"High Quality, Low Prices, and Satisfactory Service" is with Vicks more than a motto, it is a business purpose steadfastly maintained.

There is only one James Vick of Rochester. In sending your order to us, we urge you to address it to us at **45 South Ave.**

Free To You!

Three Loveliest New Flowers

With Your Order of One Dollar or Over

This year there is a packet each of:

Calendula, Sunshine

Supreme among Calendulas. Radiant, loose-petaled, free-flowering. Bright canary-yellow and highly ornamental.

Larkspur, Blue Giant

A much-needed color—this is blue with lavender shading. Splendid alone or together with other colors.

**Double Nasturtium,
Orange and Scarlet Shades**

The prettiest so far in Double Nasturtiums. Large, brilliant blooms, long-stemmed and sweetly fragrant. The strain runs very true to doubleness and size.

Vicks Garden and Floral Guide

The above flowers are illustrated in colors on the front cover of our 1935 catalog. There are more complete descriptions of them and of the other flowers in this Floral Guide. If you do not have a copy of Vicks Garden and Floral Guide, drop us a card. We will also be glad to send it to your gardening friends or customers, or to send them an Aster Book if they grow for market.

The Famous Vick Guarantee

We guarantee that your order will arrive safely and we guarantee the vitality and purity of our seeds and bulbs to the full amount of their purchase price. You can have your money back any time within the year if you are not satisfied with the results. Since much depends upon weather, soil, and cultural conditions, it is expressly agreed that in no case shall James Vick be liable for more than the actual amount of money paid for the seeds.

VICKS 1935 ASTER BOOK

Wholesale Prices For Florists and Market Gardeners

VICKS FAMOUS EARLY ASTERS

Vicks Royal or Early-Branching Asters

A sure money-maker. Undoubtedly one of, if not the very best, early Aster. It possesses the desirable qualities of Vicks Late-Branching, with strong plants of the favorite branching type. The flowers are large and freely borne. Coming into bloom almost simultaneously with the Queen of the Market, it is immensely superior to that variety in size, quality, and productiveness. **Royal Asters** succeed where other Asters fail, and are especially adapted to greenhouse culture.

1170 Deep Rose	1173 Rose-Pink
1171 Dark Lavender	1174 Shell-Pink
1172 Purple	1175 White

Any color: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10.

1176 Mixture, All Colors. A splendid blend of all the above separate colors. $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

1201—Black Knight

The darkest of all Asters. The good-sized flowers have a cast of deep red which prevents their being dead black, and gives them a rich velvety beauty. In mixed bouquets, they glorify the beauty of the other flowers. **Black Knight** is one of the early, branching Asters.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25.

Royal Asters—Wilt-Resistant

Early Asters can now be had even on Wilt-infested soil.

1180 Dark Lavender	1182 Lavender-Pink
1181 Deep Rose	1183 Purple
1184 White	

The above: $\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.

1185 Wilt-Resistant Mixed. $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

Imbricated Pompon Asters

Upright bushy plants, 14 to 16 inches tall, and ideally suited for borders and bedding. Medium-size flowers fairly cover the plants, blooming very early. The flowers are good keepers.

1109 Crimson	1112 Rose
1110 Fiery Scarlet	1113 Violet
1111 Light Blue	1114 White

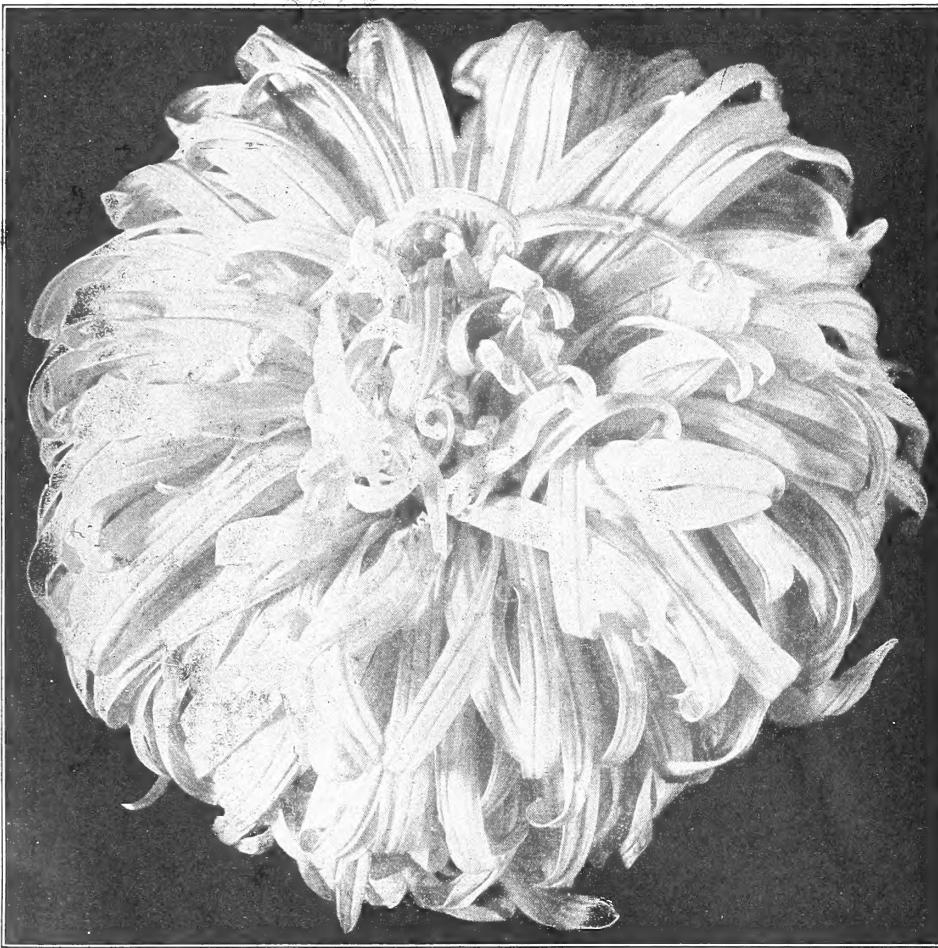

The above: $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.25.

1115 Imbricated Asters, Mixed Colors. A harmonious, well-blended mixture. $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$2.00.

Vicks Royal Aster

The Spectacular New Los Angeles Aster

Aster, Super-Giant Los Angeles

It is important that the commercial grower be ready to supply his customers with early Asters. Frequently they fetch the best prices. With the splendid sorts now available, he can have Asters just as large and as beautiful as the higher type late varieties. The Aster, Los Angeles (above) is immense but its delicate pinkness and curling petals give it a decided grace.

1241 Super-Giant Los Angeles. Florists are welcoming it—the immense flowers are that desirable shell-pink color, and the curling and interlacing of the petals gives them a light feathery effect. **Los Angeles** has much the general habit of the Giants of California (see Page 7), but is earlier, has much larger flowers. It possesses all the desirable qualities that an Aster should have.

$\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.25.

Queen of the Market Asters Always the First to Flower

This is one of the few varieties offered here which we did not also introduce. **Queen of the Market** originated in Europe. Our stock of seed, however, is American grown and, we find, superior to the original type. It is extra-early, very vigorous, and yields large, salable blooms in great abundance. They have long slender stems and are thick and double. The branching plants are about 15 in. tall.

1135	Crimson	1137	Light Blue
1136	Dark Blue	1140	Purple
1138	Deep Rose	1141	Scarlet
1139	Flesh Pink	1142	White

Any variety above: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10.

1143 Queen of the Market, All Colors Mixed. For a colorful planting.

$\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

Queen of the Market—Wilt Resistant

Carefully bred and selected for resistance to the Wilt disease.

1226	Crimson	1228	Purple
1227	Dark Blue	1229	Scarlet
1232	Flesh Pink	1230	White

Any color: $\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.

1231 Wilt-Resistant Queen of the Market Asters.

All Colors. The earliest Asters, a mixture of colors for a fine healthy planting.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

1204—Vicks Lavender Gem

This is the largest extra-early lavender in existence. When the flower first opens it is a delicate lavender, deepening with age. The flower is always full-double. There is no tendency to produce single or semi-double blooms. The feathery effect of the Ostrich-Feather type, to which it belongs, is enhanced by the fact that it bears a large proportion of long, partly tubular florets that are irregularly cut and slashed, so that the flower looks like a shaggy Chrysanthemum. Brings high prices.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

Midseason Asters of Surpassing Beauty

American Beauty Asters

One of the very best for market. The flowers are very large, densely double, and on unusually long stems. They come into bloom just preceding Vicks Late Branching, and with plants of branching habit similar to the Late Branching. The flowers are often 4 in. or more across, very double with their incurved petals. The stems are 15 to 20 in. long which increases their value for cutting.

1037 Azure-Blue	1041 Purple
1038 Carmine-Rose	1042 Rose
1039 Crimson	1043 Shell-Pink
1040 Peach Blossom	1044 White

The above: $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

1045 American Beauty Asters, All Colors Mixed.
 $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.25.

American Beauties—Wilt-Resistant

For a healthy planting of American Beauties plant this Wilt-Resistant strain.

1046 Carmine-Rose	1049 Shell-Pink
1047 Crimson	1050 Purple
1048 Azure-Blue	1051 White
$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.	
1052 Mixed Colors, Wilt-Resistant American Beauties.	
$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.	

1202—Black Prince

Unique. This Aster is blue-black. It is of the type of the American Beauties. The flowers are medium-sized and of good quality. The plants are broadly branching with an abundance of long flower stems usually free from foliage and laterals. Include Black Prince in your plantings, it creates interest; lends contrast.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25.

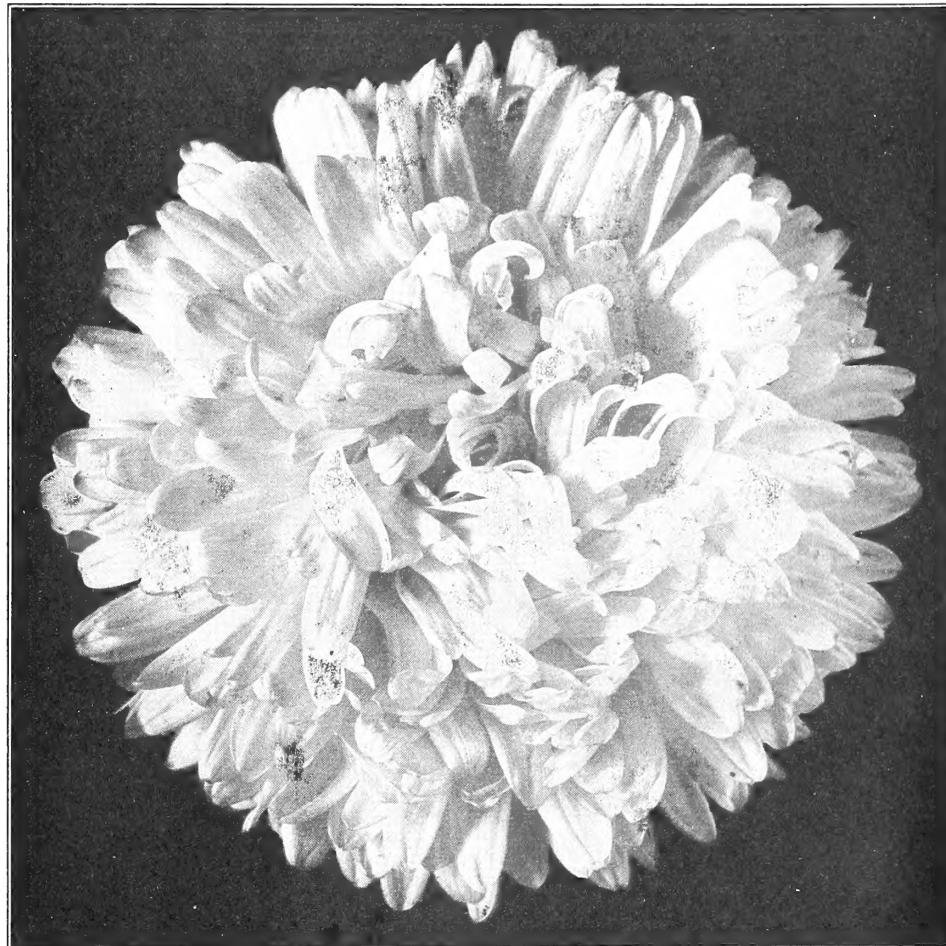

Vicks Perfection Asters

This class has our endorsement as the finest upright, midseason Aster in cultivation. The flowers are exquisite, the broad petals folding gracefully toward the center like enormous peonies, and as the flowers open, the petals bend outward and show the glow or sheen of their outer surface.

1120 Crimson	1123 Rose
1121 Lavender	1124 Shell-Pink
1122 Purple	1125 White

Any of the above: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.20.

1126 All Colors Mixed. A fine array of rich color repays a planting.
 $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

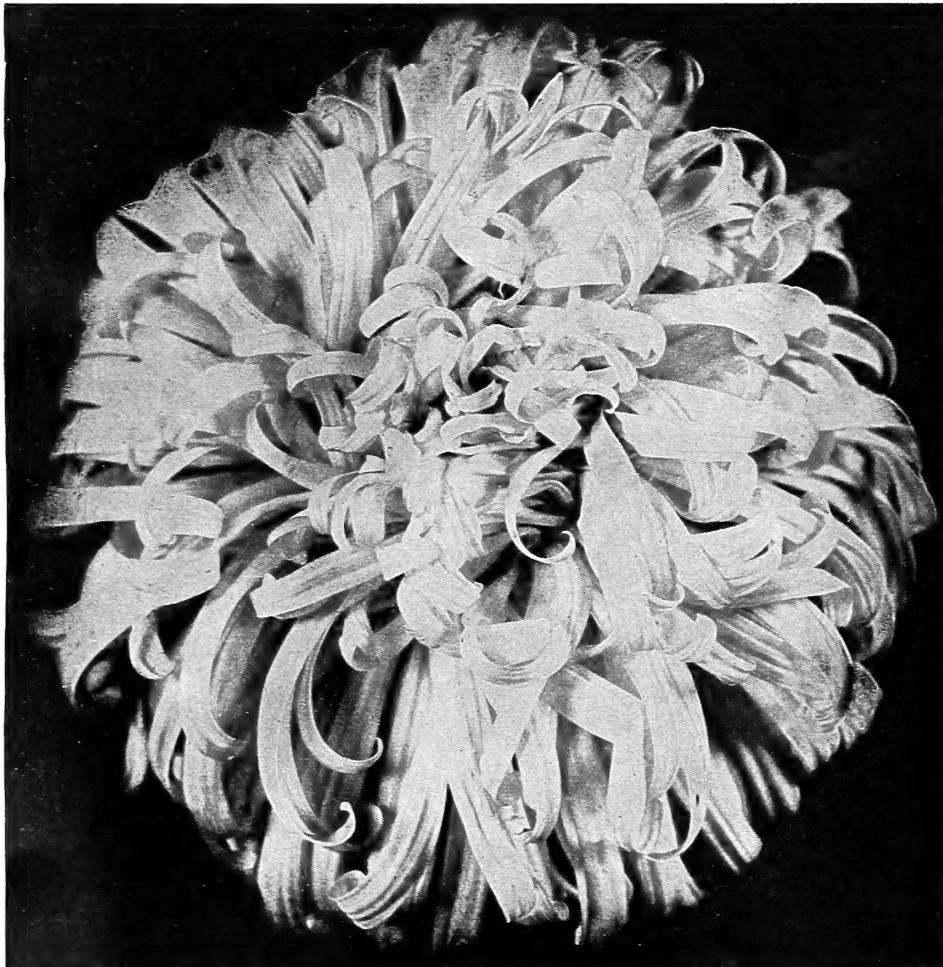

American Beauty Aster

For wide range of color, beauty of flowers, general usefulness, and popularity, no other annual flower can compare with the glorious Aster. Nine-tenths of the better known Aster varieties were introduced by James Vick. For best results with Asters, plant the originator's own strain. Vicks Asters are famous for quality.

VICKS ROCHESTER ASTERS

Named at Request of Rochester Chamber of Commerce

Vicks Rochester Aster

Lavender-Pink is the Official flower of the city of Rochester, N. Y. Heart of Rochester is real ruby-red, the great red petals curling and interlacing so that shadows and highlights dance across its surface. Few orders but include a request for seed of these supreme varieties.

Most Beautiful of all Asters

The foremost type of Aster—we can recommend no variety quite so highly as this, our most notable achievement. The flowers are huge and resemble in their large loose-petaled arrangement the favorite Japanese Chrysanthemums. The petals are long and narrow, twisted and curled at the center of the flower, while the outer petals are gracefully recurved. Our **Rochesters** produce vigorous, well-branched plants, and carry the immense blooms on long stiff stems.

The **Rochesters** are foremost for cut flower use by reason of their beauty and long stems.

1151	Lavender	1154	Rose
1152	Lavender-Pink	1155	Shell-Pink
1153	Purple	1157	White

1156 Silvery Rose

Any of the above colors:

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25.

The Magnificent 1150—Heart of Rochester

Of the same rich ruby red color as Heart of France, the most popular red Aster ever grown. These two, Heart of France and **Heart of Rochester**, are the only true ruby red Asters found in any class either in America or Europe, and, therefore, are given the preference over all other red varieties found in Asters.

$\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.00.

1158—Mixture of Rochester Asters

A wonderful blend of all the above varieties. Huge blooms in magnificent shades.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.

Wilt-Resistant Rochester Asters

The most gorgeous of Asters in a wilt-resistant strain. This strain of selected seed makes it possible, even on the most diseased land, to grow the big feathery favorites. **Rochesters** always find a ready market.

1164	Rose	1166	Shell-Pink
1165	Lavender-Pink	1167	Purple
		1168	White

Any color above: $\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.00.

1163 Heart of Rochester. $\frac{1}{16}$ oz. 40c; $\frac{1}{8}$ oz. 70c; $\frac{1}{4}$ oz. \$1.25; oz. \$3.75

1169—Wilt-Resistant Rochester, Mixed

A classic mixture of the six above-listed colors that will make a healthy planting with vigorous plants. Plant this if you have lost Asters from the Wilt disease.

$\frac{1}{16}$ oz. 30c; $\frac{1}{8}$ oz. 45c; $\frac{1}{4}$ oz. 75c; oz. \$1.25.

Giant Branching Comet or Crego Asters

Large Flowered Crego or Comet Asters Vicks Own Strain

Great double flowers of the true ragged COMET type. Enthusiastic growers in many parts of the country praise our Cregos.

Vicks Cregos resemble the Branching Asters in size of plant, in habit of growth, and in season of bloom. The flowers are produced about the middle of the Aster season. The **Crego Asters** are exceptionally fine for cutting. The blooms always find ready market—and good prices. It is one of the best known and most popular of Asters, with long, narrow, loosely-arranged petals gracefully curled and interlaced making a flower rather similar to that of the Rochester. Good long stems.

1060	Azure Blue	1063	Lavender
1059	Cattleya	1064	Purple
1061	Crimson	1065	Shell-Pink
1062	Deep Rose	1066	White

The above: $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

1067 Mixture of Colors, Crego or Comet Asters. All the above colors
 $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 30c; oz. 90c.

The New—1068 Indian Summer

For a real novelty—plant **Indian Summer**. The color is gorgeous, a shade that is different, not like any other Aster that we know. It is bright, rich terra-cotta-rose with a coppery sheen that lends it warmth and glow. The petals are long and narrow, giving a real ostrich-plume appearance to the flowers which average 3 in. across. Blooms in midseason. Plants are rather short, very sturdy.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 45c; oz. \$1.25.

Improved California Giants

California Giants possess all the good points an up-to-date Aster should have—large double flowers, long stems, and excellent keeping qualities. They are a splendid mid-season to late-flowering type. The plants grow 2½ to 3 feet high with long, wiry branches measuring 18 to 24 inches in length, making them one of the most desirable cut flower varieties on the market. The size of the flowers, 5 inches across or more not being unusual, is notable. Beautiful colors.

1087	Apple Blossom	1082	Light Blue
1088	Carmine Rose	1083	Peach Blossom
1080	Dark Purple	1084	White
1081	Deep Rose	1086	Light Purple

The above: $\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$2.00.

1085 Improved California Giants, All Colors Mixed.

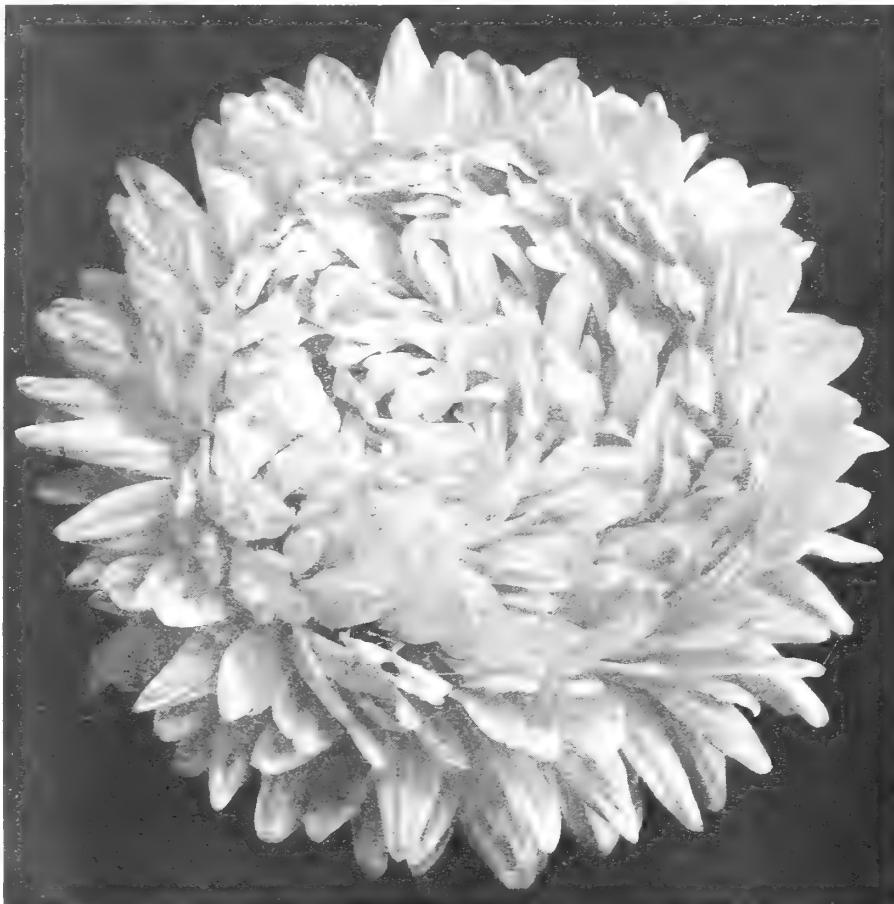

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 55c; oz. \$1.75.

Vicks Giant Crego Aster

For a succession of blooms include in your order, early, mid-season, and late varieties. You will also profit by trying varieties that you have not grown before, for you are sure to find some of these varieties useful, and of value to you. Plant Wilt-Resistant strains if the Wilt disease has attacked your previous Aster plantings.

Asters Which Have Helped To Make Vick Famous

Vicks Silvery Pink

Cultivate Asters frequently, but rather shallow so as not to disturb the roots. The more finely pulverized the soil, the better the results. Asters are subject to attack by several different insects, necessitating the use of insecticides. James Vick handles not only seeds, but a full line of the best standard insecticides in the well-equipped store at 45 South Ave., Rochester, N. Y. Write to Vicks for prices.

Vicks Silvery Asters

1209—Vicks Silvery Pink

The Silvery Asters are so named because of the delicate silvery sheen which overlies the predominating color—adding charm, distinction, beauty. **Vicks Silvery Pink** is a warm glowing pink. When the light strikes the flowers, it is reflected in a glowing silvery sheen, making them appear almost white, in an indescribably beautiful effect. The plants are very vigorous, with stems that are long and increase the value of the flowers for cutting.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

1210—Vicks Silvery Rose

This is the original Silvery Aster. The silvery effect given by the flowers of this variety is due to each petal being a combination of deep lilac-rose, almost cerise, very delicately threaded with white. The threads are so tiny that they give the petals silvery sheen rather than the effect of being striped. Even the slightest change in light will change the color from glowing rose to silvery rose.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

1208—Vicks Pink Enchantress

A Greenhouse and Commercial Favorite

Anyone who has grown our **Pink Enchantress** knows that all the praise received by this splendid commercial Aster is more than deserved. For **Pink Enchantress** is always beautiful, always arouses the interest of the potential purchaser. The color is a soft delicate pink that does not fade. The fully double flowers are unusually lasting, both on the plant and when cut. The plants are upright in habit and are very vigorous with long, strong, and graceful stems. No wonder that **Pink Enchantress** is grown in large quantities by commercial growers. It has proved a very desirable Aster for growing under glass. The whole effect of the loosely arranged, delicately colored flowers is always lovely.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

Some Highly-Prized Cut-Flower Asters

California Sunshine Asters Enjoy Unique Popularity

1240—Giant

California Sunshine Asters

Recommended as one of the finest cut-flower Asters ever introduced. A high-type, easily grown Aster, equally valuable for planting by home gardener and florist. It has grace comparable only to that of the Gerbera.

California Sunshine Asters are an improved strain of the Anemone-Flowered Asters. The flowers are much larger, often they measure 4 to 5 inches across. The loosely-placed outer petals give an airy, lace-like, altogether charming effect. Some consider this the most beautiful of all Asters.

A feature of the **California Giants** is the sturdy, upright growth, and the extra-long stems. This last has caused them to be included among the foremost cut-flower Asters. We offer these Asters in a mixture of pastel-shaded petals in glorious contrast to the blue or yellow centers.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25.

Single Asters

1242—Single Giants of California

A mixture of colors. This strain contains the largest single-flowering Asters. The broad, Daisylke flowers measure 3 to 4 inches across. There are pastel pinks and blues intermixed with richly colorful and exotic rose and purple. Single Asters are of undisputed merit for cutting; the big flowers with their long stems are of undisputed grace. These Asters can be used in many sorts of floral work and arrangement. Their beautiful colors make them especially valuable. The plants are branching, $2\frac{1}{2}$ feet tall, and the flower stems are 18 to 24 inches in length.

$\frac{1}{8}$ oz. 15c; $\frac{1}{4}$ oz. 25c; oz. 85c.

Vicks Celebrated King Asters

The **King Asters** represent a distinct and valuable class or type with many qualities which make them favorites with Aster lovers. The plants are vigorous and of sturdy habit, growing $1\frac{1}{2}$ to 2 feet tall.

The fine, large, substantial flowers are very double and have long, stiff stems, which is one reason for their popularity as cut flowers. The petals are long, narrow, and folded lengthwise, being more or less quilled, which gives the large flowers a bold and striking appearance. In season they are rather early, coming into bloom shortly after the Royal Asters.

King Asters are equally desirable for bedding and cutting purposes. The flowers have unusual keeping quality, lasting longer than those of any other class.

1108 **Mixed.** A blend of crimson, lavender, deep blues and violet with white.

$\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

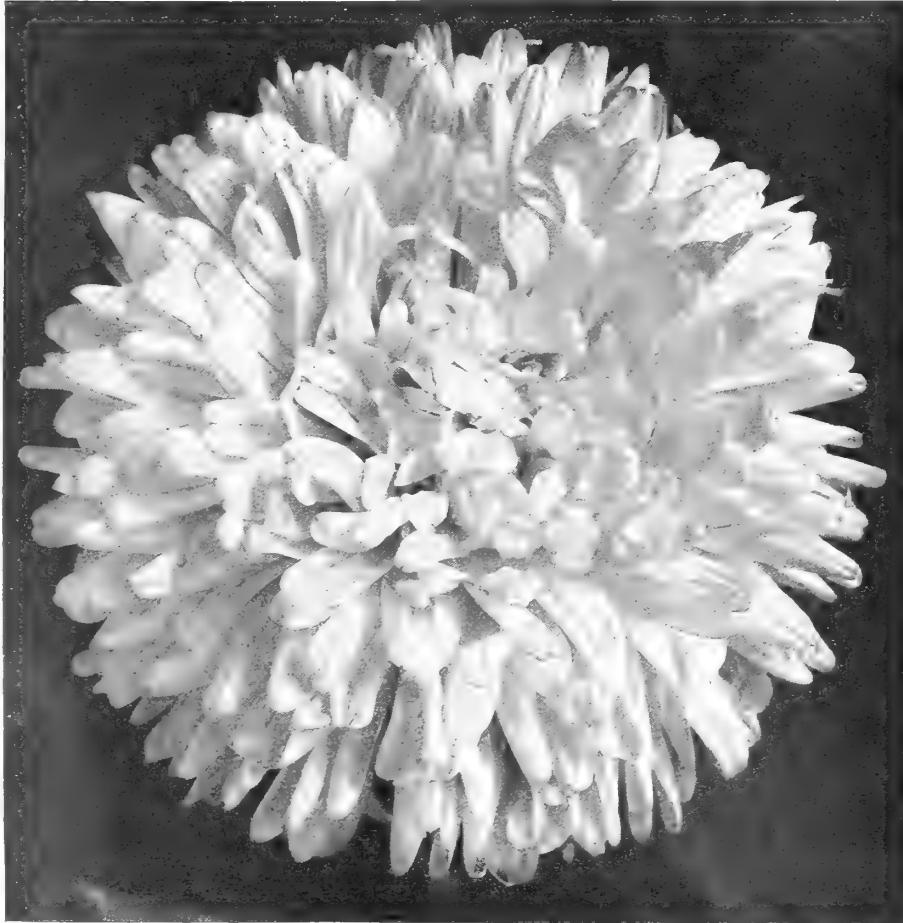

Giant California Sunshine Aster

The value of trying some of the newer Asters together with the familiar old favorites is demonstrated by the success that Aster growers have had with their California Sunshine Asters. So unusual and beautiful are the flowers and only the Gerbera rivals them in grace.

LATE BRANCHING ASTERS-Vicks Incomparable Strain

Now there are Wilt-Resistant Asters. This year we offer Wilt-Resistant strains of five classes of Asters as well as of Peerless Pink and Heart of France. With these Wilt-Resistant Asters a fine, healthy planting can be had even on the "sickest," most Wilt-Infested soil.

Vicks Late Branching Aster

Vicks Famous

Late Branching Asters

Our Own Introduction

The popularity of Vicks Branching Asters continues to grow. Today more seed of these Asters is sold than of all other American-grown strains. While many other varieties are needed in any well-proportioned crop of Asters, few who grow for market could afford to be without a large planting of this exceptionally fine strain. **Vicks Branching Asters** are catalogued by many reliable seedsmen, from whom it would be perfectly safe for florists to order, but we urge planting the originator's own stock.

Bear in mind that **Vicks Branching** has steadily improved so that it surpasses the type sold only a few years ago, and is still the very best late Aster. Plants are extra large, of strong and vigorous growth, yielding a profusion of flowers from the middle of August until heavy frost. The flowers are of extraordinary size, and stand erect on long stems.

1016	Azure Blue	1015	Light Rose
1017	Crimson	1022	Shell-Pink (Mary Semple)
1018	Dark Blue	1023	Peach Blossom
1019	Deep Rose	1024	Purple
1020	Lavender	1025	Snow-White

Any color: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.20.

1026—All Colors Mixed

Vicks Late Branching Asters

For a wealth of bloom plant this. The mixture is compounded from a formula, it is not simply a haphazard selection of seed in the field. All the above colors in handsome blend.

$\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

Wilt-Resistant Varieties of Late Branching Asters

This strain was not only selected for plants resistant to the wilt disease, but also for the finest, most perfect plants which will produce largest flowers and longest stems. **Vicks Late Branching**, known also as Giant Branching, and as Semple's Branching, are in demand wherever good Asters are wanted. Immense, long-stemmed flowers.

1251	Azure Blue	1261	Peach Blossom
1252	Blackish Blue	1257	Purple
1253	Crimson	1258	Shell-Pink (Mary Semple)
1255	Light Rose	1259	White

Any color, Wilt-Resistant, above:

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.

1260 Wilt-Resistant Late Branching Asters, Mixed Colors. A beautiful mixture.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

The Profit-Making "PEERLESS" Asters

Asters of the Late-Branching Type

1207—Vicks Peerless Yellow

The only real, satisfactory yellow Aster yet produced. True, light yellow Peerless Yellow is one of the most unusual—the most notable of all our introductions. Plant the originator's seed of this favorite. So numerous, so large are the flowers that each plant is completely covered—like a yellow dome. A single plant will frequently have from twenty to thirty good stems of sufficient length, with flowers of ample size for fancy cut-flower purposes. The flowers are large, remarkably full and ball-shaped, with centers deeply covered with curled and twisted petals. They are so double that little seed is produced, so the seed is rare.

$\frac{1}{16}$ oz. 30c; $\frac{1}{8}$ oz. 55c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.00.

1205—Vicks Peerless Blue

This is the nearest approach to a true blue yet developed in Asters. It is a splendid addition to the Asters of the Late-Branching type. The blooms are large and fully double. The strong plants produce many flowers.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

1206—Vicks Peerless Pink

Unquestionably the finest pink in the late-flowering, branching class. The flowers—they average about 4 inches in diameter—are ball-shaped and double to the very center. The color is warm rich pink of unusual purity and beauty. The arrangement of the petals is most artistic.

$\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10.

1256—Peerless Pink—Wilt-Resistant Strain

Now many more can grow Peerless Pink Aster. Planted on the "sickest" soil, the plants remain healthy producing their handsome pink flowers with the greatest freedom. Peerless Pink, Wilt-Resistant has all the excellent qualities which have won the above so many prizes.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.

The Finest Aster Mixture

1225—Vicks Novelty Aster Mixture

This mixture is offered here since it is one of the most valuable mixtures which any florist can use. The seed for it was saved from test or experimental plantings where only the very best varieties are planted and judged as to their merits. You can scarcely imagine the wonderful assortment of types and colors which this mixture contains. Plant it for a wonderful display.

$\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.25.

Aster, Peerless Blue

It is not your investment in seeds that counts—it is your returns from it. The returns from your crop is dependent upon its quality, and quality Asters come only from the finest seeds. Sow Vicks Famous Aster Seed for the best results.

The Mammoth Peony-Flowered Asters

New—but already Market Favorites

Mammoth Peony-Flowered Aster

A new type of Aster—closely resembling our Perfection Asters. **Mammoth Peony-Flowered** has considerably larger flowers. The petals are so arranged that the huge flowers really do closely resemble Peonies. An average-sized bloom will measure 4 inches across, and almost as deep. The long-stemmed flowers open after most varieties are past their prime, making this one of the most late-flowering of all Asters. The upright-growing plants are very vigorous.

- 1130 **Azure Fairy** Beautiful, clear azure blue flowers with silvery reflex.
- 1131 **Maiden's Blush** Delicate pink shaded warm cream.
- 1132 **Peach Blossom** Aptly named, it has all the loveliness of a peach blossom.
- 1128 **Purple Robe** Large flowers of a very deep shade of purple-blue.
- 1127 **Rosebud** Lustrous as an opening rose.
- 1129 **Silvery Rose** Delicate lavender-pink with silvery tones and rosy depths.
- 1133 **Swansdown**. Magnificent, well-rounded, pure white blooms.

Any of the above:

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25.

Mammoth Peony-Flowered Aster

1134—All Colors Mixed

The addition of rose, purple, and the lavender-pink of Silvery Rose, gives this mixture seven colors. They blend together beautifully, and florists will find this a useful mixture. Peony-Asters are admirably adapted to growing for market and are excellent for shipping.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$2.00.

A New and Distinctive Aster

1211—Aster Apricot

Apricot belongs to the attractive Rose-flowered type of Asters and produces its gorgeous flowers late in the season after most other Asters have passed their prime. The plants are rather small, with the flowers freely borne. These flowers are exquisite apricot shaded with salmon. The unusual color and the freedom with which the peony-shaped flowers are borne has won many admirers for Apricot. Apricot is quite hardy and will often flower freely after light frosts have ruined the other Asters.

$\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.50.

Heart of France—The World's Most Popular Aster

(Illustrated on the Front Cover)

1203—Heart of France

The most popular Aster—a “record seller.” It is the best pure red Aster of its type. **Heart of France** was introduced and named by us during the World War. Now it is catalogued by almost every seedsman here and abroad.

When we introduced this variety, naming it Heart of France, the French Ambassador, afterwards president of that republic, sent us a letter of appreciation that this beautiful flower had been named in honor of his country.

Heart of France opens red as the purest ruby, deepens with age, but retains its remarkable beauty to the very end. The petals are strikingly changeable, showing now a glow and sheen quite unique, now a soft, velvety, warm texture. The flowers are large and double to the very center. They are borne on strong plants, branching in type and very robust. Long strong stems with few laterals increase the value of this variety for cutting. The flowers open early and are at their height in midseason. See **Heart of France** on the front cover.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

1213—Heart of France

Wilt-Resistant Strain

Now with this Wilt-Resistant strain, it is possible for many more Aster lovers to grow the famous **Heart of France** Aster. The Wilt-Resistant Asters have proven their worth. It is surprising how great their popularity already is.

Everywhere that the wilt disease is prevalent, home gardeners and commercial growers plant Wilt-Resistant strains and raise fine healthy Asters. These strains result from careful scientific selection.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00.

1200—Vicks Autumn Glory

A Money Maker For The Commercial Grower

Latest of Asters. **Autumn Glory** blooms after the other Late Asters are past their prime, and before the Chrysanthemums are well on the market. It thus prolongs the Aster season by two weeks, coming at a time when good flowers are scarce.

Pure sea-shell pink, the flowers are very double and are borne on stems of unusual length. Though similar to Semple's Pink (Late-Branching) in color, **Autumn Glory** has a better, more substantial flower, a deep and longer keeping color, and a stronger type of plant. While **Autumn Glory** cannot take the places of varieties like Pink Enchantress or Peerless Pink it supplements them by blooming later. It is always uniformly true to color and type.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

Autumn Glory Aster

Sow Aster seed liberally and use only the strongest and healthiest seedlings in the final planting. Many growers of cut flower Asters find that the sale in the spring of small Aster plants is a profitable sideline.

NEW FLOWERS MAKE PROFITS

Every year there are a number of new flowers offered to the public. It is always these "novelties" that are given greatest publicity in garden magazines and by garden clubs. The public learns to know these new flowers by name, and is curious to see them. Plants of these new flowers will bring high prices, while the blossoms too can be held at a premium. Many of this year's flowers are of undisputed value to the florist.

Anchusa

1418 Blue Bird

Having overcome the straggly habit of ordinary annual Anchusa, Blue Bird has compact plants, with its flowers a luxuriant bouquet at the top.

$\frac{1}{4}$ oz. 20c; oz. 50c.

Alyssum

3511 Rock Garden Rare Species

Perennial. A truly rare mixture of varieties native to such situations as the rock garden provides. Your customers who want the best and most suitable material for their rock gardens will welcome the opportunity to secure plants from this mixture.

$\frac{1}{4}$ oz. 60c; oz. \$2.00.

Aquilegia

3535 Edelweiss

Perennial. Large, erect snow-white blossoms lend contrast by handsome, finely cut foliage. The plants grow 16 to 20 inches tall and in May are covered with flowers. They are especially well-suited to grow at the base of the rockery.

$\frac{1}{4}$ oz. 30c; $\frac{1}{2}$ oz. 50c; $\frac{1}{4}$ oz. 85c; oz. \$2.75.

New Golden Cosmos

1798 Orange Flare

An early-flowering strain of Klondyke Cosmos that blooms in 4 months from seed. The 2 to 3 ft. plants are bushy, with brilliant orange blooms and lily-like foliage.

$\frac{1}{8}$ oz. \$1.50; $\frac{1}{4}$ oz. \$2.85; oz. 10.50.

Calendula

Calendula

1612 Sunshine

No florist should be without this highly ornamental, free-flowering and unusual Calendula.

$\frac{1}{4}$ oz. 20c; oz. 60c.

1613 Orange Shaggy

Every one of the petals is serrated giving a very unusual, very "shaggy" effect. Of all the flowers new this year, Orange Shaggy is much the most unusual. It is so entirely "different" from other Calendulas and other flowers generally, that it has greater appeal to the curious gardener than other, even more meritorious novelties. Orange Shaggy is bright reddish-orange, and quite graceful.

$\frac{1}{4}$ oz. \$1.00; oz. \$3.25.

Greatest Flower Successes of the past 10 years

These are the cream of the many novelty flowers of recent years. Every one of them is a favorite. Perhaps you can use packets of some of these flowers so we repeat here the special offer made in our retail book.

Any of the following, your choice:

10c a packet; 3 pkts. 25c; 6 pkts. 50c; 12 pkts. \$1.00.

1288 Ageratum, Blue Ball	2300 Marigold, Guinea Gold
1604 Calendula, Radio	2370 Moonflower, Sky-Blue
1705 Celosia L., Fire Feather	2403 Nasturtium, Golden Gleam
1706 Celosia L., Golden Feather	2588 Petunia, L. Crimson-Cerise
1799 Cosmos, Burpee's Golden	1347 Snapdragon, Fairy Charm
1953 Eschscholtzia, Enchantress	2766 Statice, Compact Blue
2212 Larkspur, Giant Mixed	3975 Sweet Wivesfield
2329 Marigold, Fire Cross	3049 Zinnia, Calif. Gts. Mixed

1799 Burpee's Golden

A Cosmos with flowers the color of molten gold and foliage that is heavier, more beautiful than other varieties. The plants grow 6 feet tall and bloom with great freedom from early to late.

$\frac{1}{8}$ oz. \$1.50; $\frac{1}{4}$ oz. \$2.85; oz. \$10.50.

A Money-Making Novelty for the Florist

Dwarf Plants 2412 Dwarf Golden Giant Double Nasturtium

Giant Flowers

Perfect compact plants with giant double and semi-double golden yellow flowers carried proudly on long stems well above the foliage. There are all the good qualities which made Golden Gleam famous, but the plant itself is dwarf and compact—perfect for potting, for borders, rock gardens and bedding. Florists will find it useful in planting window boxes, to sell as a potted plant, and as a novelty cut flower. $\frac{1}{2}$ oz. \$1.25; oz. \$2.25.

2411 Scarlet Gleam— Double Nasturtium

A rich scarlet counterpart to the universally admired and prized Golden Gleam Nasturtium. The blooms are semi-double and slightly ruffled, and they are a gorgeous color. The plants are half dwarf—they are bushy and produce only a few short runners. The Double Nasturtiums cannot be too highly recommended. $\frac{1}{2}$ oz. 85c; oz. \$1.50; $\frac{1}{4}$ lb. \$5.50.

2410 Glorious Gleam Hybrids

The plants of this mixture too are half-dwarf. The semi-double flowers are salmon, orange, crimson, cerise, and other exquisite colors. The stems are long. $\frac{1}{2}$ oz. 55c; oz. \$1.00; $\frac{1}{4}$ lb. \$3.75.

Dianthus

3706 Rock Garden Rare Species

Perennial. Another rock garden plant to delight the true rock gardener. This is a mixture of the most rare, the most utterly distinct "species" pinks. $\frac{1}{16}$ oz. 30c; $\frac{1}{8}$ oz. 50c; $\frac{1}{4}$ oz. 85c; oz. \$2.75.

3705 Highland Hybrids

Perennial. Most brilliant of Pinks with vigorous, compact growth. Ideal for bedding, borders; for the rock garden. $\frac{1}{8}$ oz. 30c; $\frac{1}{8}$ oz. 50c; $\frac{1}{4}$ oz. 85c; oz. \$7.50.

1916 Lacinatus Splendens

Annual. Of brilliant crimson with a wide, glistening white eye for contrast. Their size is their greatest merit for the blooms are large—frequently 2 inches across. $\frac{1}{4}$ oz. 30c; oz. 80c.

Larkspur

2217 Blue Giant

Spikes closely set with the double blooms and growing 3 $\frac{1}{2}$ feet tall. They are soft mid-blue, with the faintest lilac tones, giving the color greater softness. Blue Giant is a Giant Imperial Larkspur. $\frac{1}{8}$ oz. 30c; oz. 85c.

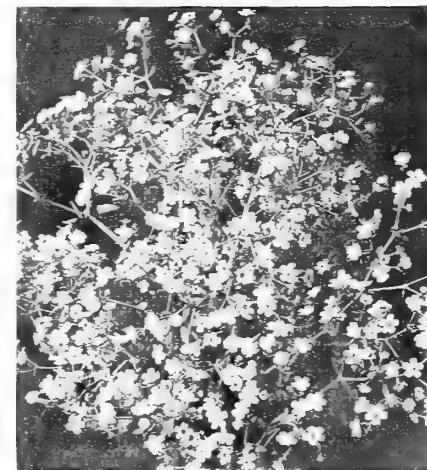

2409 Orange and Scarlet Shades

The prettiest thing so far in Double Nasturtiums. The flowers are nice and full, and very large. The proportion of scarlet to gold flowers is just right. This strain is exclusive with James Vick. See the flowers in color on the cover of Vicks 1935 Floral Guide. $\frac{1}{8}$ oz. 85c; oz. \$1.50; $\frac{1}{4}$ lb. \$5.50.

Lily

3841 Philippinense formosanum

Perennial. A real lily that is blooming 6 to 8 months after the seed is sown! They are like long-trumpeted big Easter Lilies. These lilies are white with pink shading on the outside. The trumpets are clustered in umbels at the top of 3 foot stems. $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.70.

Pink Baby's Breath

Gypsophila

3752 Pacifica

Perennial. Florists please note! A wonderful Baby's Breath, blooming plants great foamy masses of lovely pink. Baby's Breath is the best "mixer" for bouquets, and this pink variety is a beautiful variation from the customary white. Pacifica blooms just after the white varieties and it resembles them in habit of growth. The established plants frequently are 4 feet tall. This Baby's Breath thrives in any soil. $\frac{1}{8}$ oz. 30c; $\frac{1}{8}$ oz. 50c; $\frac{1}{4}$ oz. 85c; oz. \$2.50.

Pansy

2544 St. Knud

Flowers of medium size and perfectly plain, more like Violas in appearance than Pansies. They are exquisite apricot-orange, which deepens at the mouth to velvety orange. The plants are low and compact.

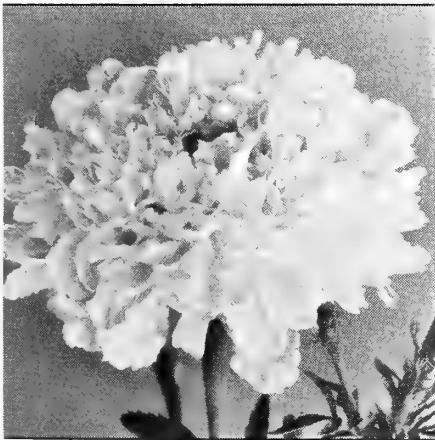

$\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.25.

Poppy (Iceland)

3907 Moonbeam

Perennial. Florists have found that Iceland Poppies are good cut flowers. At the big spring Flower Shows their graceful, gauzy-textured beauty always attracts attention. Moonbeam is fairy-like; sulphur, almost silver yellow. Appearing so fragile and so delicate, they are really very permanent flowers. Iceland Poppies come quickly from seed, bloom all through the long summer season.

$\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.25.

Yellow Supreme Marigold

Marigold

2299 Yellow Supreme

Huge flowers more like immense creamy yellow carnations than like Marigolds. Measuring $3\frac{1}{2}$ inches across, they are about as thick through as carnations and the petals are fluted and frilled. The upright bushy plants have clean, yellow-green foliage, grow 2 feet tall. Yellow Supreme is the most desirable of Marigolds.

$\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

The Beauty Marigolds

African Marigolds with plants 3 feet tall, and large double flowers. The petals are twisted and wavy about the edges and grouped about an open center somewhat like carnations. The flowers of Golden Beauty are rich gold, while those of Yellow Beauty are citron-yellow.

2331 Golden Beauty **2332 Yellow Beauty**
Either of the above: $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50.

Petunias

Choicest New Ones

Have you realized the possibilities of the new Petunias? The exquisiteness of the colors, the size of the blooms, the adaptability of Petunias? There are Petunias for every purpose.

2578 Copper Scarlet

Huge flowers with wide ruffling edges. Red that is at once deep and velvety, and vividly alive. Copper luster overlies the flowers.

$\frac{1}{128}$ oz. \$1.10; $\frac{1}{4}$ oz. \$3.75;
 $\frac{1}{8}$ oz. \$12.00.

2593 Salmon Beauty

Big frilly, fringed flowers; beauties of salmon-pink with yellow throats. Out from the yellow throat over the soft-toned petals, there are veins of deeper rosy salmon.

$\frac{1}{128}$ oz. 85c; $\frac{1}{4}$ oz. \$2.75;
 $\frac{1}{8}$ oz. \$9.00.

2595 Setting Sun

Brilliantly rose-pink, beautifully fringed, 3-inch blossoms on compact little bushes just 12 inches tall.

$\frac{1}{128}$ oz. 85c; $\frac{1}{4}$ oz. \$2.75;
 $\frac{1}{8}$ oz. \$9.00.

2594 Queen of the Market

Unrivalled in luster and brilliance. Vivid carmine-red, $3\frac{1}{2}$ inch blooms, many of which are handsomely waved.

$\frac{1}{128}$ oz. 85c; $\frac{1}{4}$ oz. \$2.75;
 $\frac{1}{8}$ oz. \$9.00.

2572 Fluffy Ruffles

All of the immense flowers are gorgeously waved and ruffled, and some of them have the appearance of doubleness. Many exquisite colors.

$\frac{1}{128}$ oz. 45c; $\frac{1}{4}$ oz. \$1.35;
 $\frac{1}{8}$ oz. \$4.50.

2598 Black Prince

Darkest of Petunias, it is almost black but with crimson lights dancing over its velvety surface.

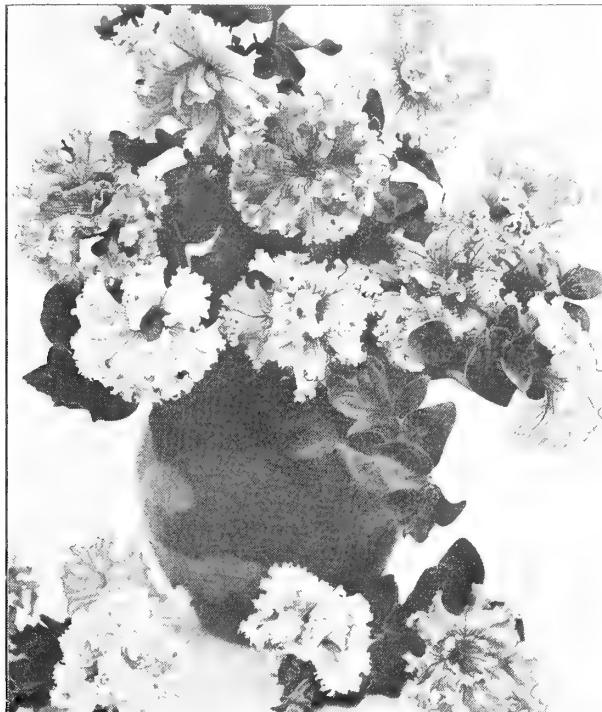

$\frac{1}{2}$ oz. 30c; $\frac{1}{8}$ oz. 50c; $\frac{1}{4}$ oz. \$1.50;
oz. \$4.50.

Snapdragon

New Rustproof

1350 Antirrhinum Maximum Mixed, Rustproof. If your Snapdragons have been attacked, possibly killed, by the destructive rust disease—then this is the seed for you to plant. While not 100% Rustproof, there will be only a minimum of the ugly rusty spots, and your Snapdragon plants will be fine and healthy. This was developed by the most efficient scientific selection.

$\frac{1}{2}$ oz. 75c; $\frac{1}{8}$ oz. \$1.35;
 $\frac{1}{4}$ oz. \$2.50; $\frac{1}{4}$ oz. \$4.75.

Fluffy Ruffles Petunia

Sweet William

3968 Purple Beauty

Perennial. Sweet William is now widely grown for cutting for which its good form and fragrance so well adapt it. The bright deep color of Purple Beauty promises for its popularity as a cut flower.

$\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.25.

Blue Cockade Scabiosa

3095 Scabious

or Anemone - Flowered Zinnia

Mixed. The high, very crested center surmounts the row of ray petals like a crown. These crested flowers are about $2\frac{1}{2}$ inches across, quite different from other Zinnias. The colors are rose, gold and deeper orange. Because the stems are so long, the unusual flowers so attractive, this Zinnia is certain to prove popular.

$\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c;
oz. \$1.50.

Scabiosa

2746 New Blue Cockade

Light azure blue—a blue that is almost silvery. The flowers are big and thick through. Blue Cockade is important for cutting, and it can be used in many decorative combinations and arrangements. Strong, vigorous plants.

$\frac{1}{4}$ oz. 50c; oz. \$1.50

The All-American Flowers

Chosen on a competitive basis, the prize-winning All-American flowers receive the most publicity and are the most heralded of new flowers. The following flowers, listed on these two pages, are All-American winners:

Orange Flare Cosmos—Gold Medal
Scarlet Gleam Nasturtium—Gold Medal
Yellow Supreme Marigold—Gold Medal
Orange Flare Calendula—Gold Medal
Fantasy Zinnia Anchusa, Blue Bird
Glorious Gleam Nasturtium Marigold, Golden Beauty
Dianthus, Lacinatus Splendens Marigold, Yellow Beauty

BUILD-UP SALES WITH NOVELTIES

The popularity of many very new flowers is amazing—Golden Gleam Nasturtium proved a tremendous success, and now there are Double Nasturtiums in other colors! These, especially Dwarf Golden Giant, are of distinct value to the florist, as are many others of the new flowers. Your customers have read about the new flowers, are anxious to try them. Do not overlook this opportunity to increase sales.

Zinnia

3079 Fantasy

A curled and crested Zinnia, with petals so narrow they are almost quilled. The medium-sized flowers are most decorative and artistic in form, and though red predominates there are orange flowers, pink, etc.

$\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25.

3095 Scabious

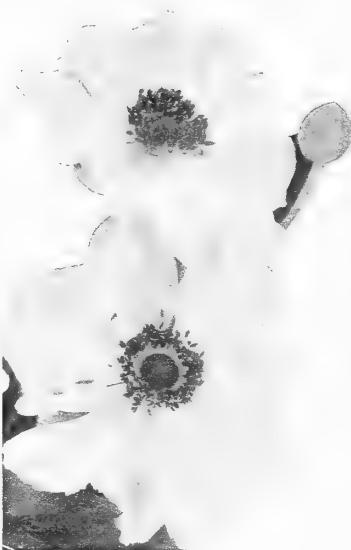

or Anemone - Flowered Zinnia

Mixed. The high, very crested center surmounts the row of ray petals like a crown. These crested flowers are about $2\frac{1}{2}$ inches across, quite different from other Zinnias. The colors are rose, gold and deeper orange. Because the stems are so long, the unusual flowers so attractive, this Zinnia is certain to prove popular.

$\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c;
oz. \$1.50.

5921 Pure Spore Culture Mushroom Spawn

The new method of growing Mushrooms is so easy and so generally successful, the popularity of this food has increased enormously. Bottle spawn is the most prolific ever developed. Simply break up the Spawn and plant small pieces an inch deep a foot apart each way in rich, cool, loam soil. To insure fresh stock, we have every order shipped direct from the laboratories, where this spawn was scientifically developed.

Not prepaid: Per Carton, \$1.00; 5 Cartons, \$4.50; per case of 10 Cartons, \$8.00.

5920 Pure Culture Brick Mushroom Spawn

Many successful growers still rely on Brick Spawn. "Pure Culture" is the most reliable brick spawn.

Not prepaid: 5 bricks, \$1.15; 10 bricks, \$2.20; 25 bricks, \$5.25; 100 bricks, \$20.00.

for

Florists

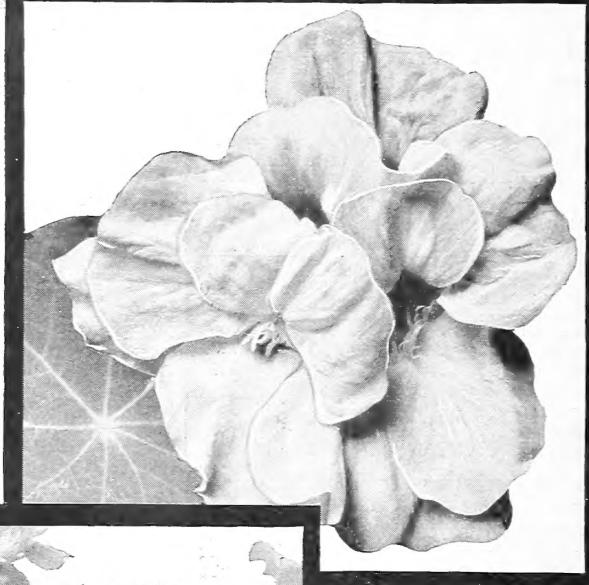

and Market Gardeners

This is your
opportunity to secure
the best seeds
at the very lowest prices.

All the old varieties
of proved merit, and the
best new flowers and
vegetables.

Low, compact plants

Huge blooms

The Florists' Nasturtium
Dwarf Golden Giant

Dwarf Plants

Giant Flowers

Ideal for potting as well as
for beds, borders, the rock
garden, and for cut flow-
ers. Blooms that are
double like Golden Gleam,
and very large; plants that
are dwarf and compact.
The variety that makes the
beloved old-fashioned Nas-
turtium a practical flower
for the florist. See page 14.
